WHY

In the fast-moving world of defense, aerospace, and government contracting, actionable intelligence is the key to unlocking new opportunities and staying ahead of the competition. DACIS (Defense/Aerospace Competitive Intelligence Service) empowers businesses to make informed, strategic decisions with its unparalleled suite of tools and resources.

DACIS Professional Edition, a platform of integrated modules including Newswire, Companies, Customers, Programs, Opps, and Contracts, delivers vital market insights instantly. Its user-friendly design ensures quick access to current and historical data, empowering informed, decisive business judgments with ease and precision.

DACIS delivers comprehensive company profiles.

DACIS delivers integrated, contextualized data in the defense, aerospace, and Federal technology sectors so you can glean market intelligence that creates impact. Because when you have great intelligence, you can create great outcomes.

Achieve more with DACIS. Click or scan to get your no-charge trial!

Make decisions that are not just data-driven, but data-led.

DACIS Professional Edition

DACIS Professional Edition provides comprehensive coverage of the worldwide defense, aerospace, and government marketplace. Six seamlessly integrated modules deliver the market intelligence required for your business development and strategic planning processes:

Newswire	Breaking defense and aerospace industry news and information. Newswire provides context and background that others can't.
Companies	Exportable business unit-specific data such as structure, subsidiaries, JVs, and equity interests on 500,000+ companies and government contractors.
Programs	Information on the requirements and scope of thousands of major programs with links to suppliers, contract obligations to date, and more.
Contracts	Contract information beyond government databases offering details of work performed, subcontractor involvement, vehicles, and even losing bidders.
Customers	Hierarchical, chain-of-command government agency, first-tier prime contractor, and commercial entity profiles with their business breakdowns.
Opps	New opportunity details that include related programs and contract vehicles, past performers, expected competitors, funding sources, and Industry Days.

DACIS searches out and makes sense of disparate market information so you can spend your time making decisive moves that drive your organization. With DACIS, you can:

- **Strengthen decision strategies** from program, contract, and competitor insights
- **Save Time and money** by helping improve resource allocation
- **Gain a competitive edge** through comprehensive industry and contract views

Go even deeper with specialized expansion options.
